

Thinking about Interests / Finding Information Online

- I have completed an interests / career profile questionnaire, for example, O*Net Profiler <https://www.mynextmove.org/explore/ip>.
- I have explored careers at <http://icould.com/watch-career-videos/>
- I have discussed this with my parents and a Career Guidance teacher.
- I know whether I should be looking for a course which leads to a professional qualification.
- I am aware of and understand apprenticeship and training programmes.
- I am aware of the difference between a further education course and a degree course.
- I have thought about and discussed training programmes which allow me to acquire skills.
- I have thought about how work experience can assist with making choices.
- I have identified work experience options.
- I have contacted work experience employers.
- I am pursuing extra-curricular activities that will add value to my choices and CV.
- I am studying the right subjects for the courses that I am interested in.
